4 Week School Closure and Distance Learning

As directed by the Ministry of Education, students will not be at school for 4 weeks. Here is the outline:

8-19 March     Spring break
22 March-2 April   Distance Learning

Distance learning is where students will study at home to ensure the continuity of their education. Teachers will send the distance learning material via Orison. Please provide your child with a suitable place to study with an electronic device and internet access. Also ensure that your child completes all the required work and brings it to school on their return. Students return to school on **SUNDAY 5 APRIL 2020**.
